

DICKENS OF A CHRISTMAS IN MIDDLEBURG

Dickens of a Christmas in Middleburg 2024

Charles Dickens is closely associated with Christmas, particularly through his novella *A Christmas Carol*, which tells the story of Ebenezer Scrooge, a miser who transforms after being visited by three ghosts on Christmas Eve. The themes of redemption, generosity, and the spirit of Christmas resonate deeply, emphasizing the importance of compassion and community, values that the Middleburg community exemplifies year-round. We hope that you will experience the magic of the holiday season with us!
